The News

Nursery care is provided by Caring Hands Child Care Agency - a Christian based company serving the metroplex since 1979. Caregivers are trained, CPR certified and background checked. Come in and meet them.

Congratulations to The Ark! On an unannounced inspector visit by Texas Dept. of Family and protective Services (State Licensing) in mid-December, the preschool received a "no violations" rating. This is the **fourth year** in a row that Resurrection's early childhood center has received this excellent rating! Way to go!!

Have you received the **RLC Good News**, now in **Constant Contact format**? Arrives every Thursday afternoon. If not, please let the office know, we may have the wrong e-mail address.

To the Women of RLC— Are you ready for some Lutheran World Relief Quilts? The **Cover Girls Sewing Group** putting their track shoes on their finger tips and getting ready to beat their record of 166 LWR quilts in 2011! We will

meet **January 14 and 28** in Rm. 16 (outside bldg) from 8:30 am to 12:30pm.

Please consider joining a great group of gals who are so willing to give of their time to sew for others. We have until Palm Sunday to sew for LWR. At that time the quilts are on display in the sanctuary and then boxed up and shipped to LWR Distribution Center whereby they distribute them world wide to disaster areas. I look forward to seeing some new faces on the 14th! **Contact Marilyn Neer** if you have any questions.

PS: The **Cover Girls** did a little over \$5000 in all their **fall/Christmas sales**. Decisions will be made as to what amount to keep for future supplies and what amount will be given back to the community. Thrivent Financial will also be giving us \$1600 as a result of our efforts.

If you are interested in the upcoming **RLC Bach Choir Tour** to Germany in June (and you don't have to sing to come along), please see all the pertinent information in the December Butterfly. Any more questions ... contact Terry or Beth Smith.

The Green Lutherans

"Only a few popular and charismatic mammals are receiving adequate concern and protection ... It is important to fight also for less well-known species ... particularly insects, fish, amphibians, reptiles and plants. Otherwise, we will be allowing crucial pieces of the fabric that holds ecosystems together to disappear." *The Ecology Center Newsletter*
